EXPERIENCE THE
EXCEPTIONAL

Your yacht is an extension of yourself. A statement of your lifestyle. She needs to deliver unforgettable experiences for you, your family and friends. Every Princess yacht is designed with our forward-thinking mentality and crafted with meticulous attention to detail. So whether you're dashing across the water or moored in your favourite bay, you will recognise the difference our design and details make, inside and out.

Experience the exceptional.

CRAFTED IN PLYMOUTH

Perched on the edge of the English Channel lies the city of Plymouth, where we established our home in 1965. Today Princess shipyards cover an area of over 1.1 million square feet, an area rich in British maritime heritage. In fact, South Yard, where our X Class Super Flybridge yachts are constructed, is a former naval yard dating back to the 17th century. From the outset, our goal has been to meticulously sculpt our yachts around our owners' enjoyment of them. Such dedication and attention to detail resonates deeply with our Plymouth craftspeople.

Over 3,000 people, each possessing a mastery of their skill, fastidiously realise this vision in our shipyards. Through a culture of innovation, our yachts are not only some of the most technically-advanced in the world but also the most beautifully realised.

BEAUTY IS ALWAYS IN THE DETAIL

We are determined to develop ever more ingenious ways to ensure every last millimetre of your boat is ergonomically sound, highly practical, and spatially perfect. Once our team of naval architects, designers and engineers have determined a design, our craftspeople fastidiously bring it to life. Every beautiful detail is crafted and finished within our Plymouth shipyards. This enables us to consistently monitor quality throughout each build. Seeing is believing though, so we invite future owners to pay us a visit and see beauty in progress through their own eyes.

F CLASS

Experience the most technically advanced and spaciouly proportioned flybridge yachts on the water. Every Princess flybridge yacht rewrites the rule book on space, performance and entertaining. Wonderfully progressive, incredibly efficient, classically Princess.

F 55

Equipped with twin Volvo D13-900 engines providing speeds up to 33 knots, in addition to a deep-V resin-infused hull, the F55 delivers dynamic and effortless seakeeping.

As seen on larger yachts in the range, the cockpit servery unit connects to the galley unit, seamlessly integrating the two entertainment areas. The spacious main deck saloon is accentuated by vast saloon windows, complemented by subtle accent lighting, soft fabric finishes and hand-stitched detailing. A contemporary U-shaped sofa with convertible coffee/dining table and sofa adjacent, creates the perfect place to spend time with loved ones.

Below deck, new expansive hull windows generously flood the three cabins with light, including the master stateroom with dressing table, breakfast area and en-suite bathroom, a forward double guest cabin and starboard twin cabin with the option of a double bed conversion. An optional single aft cabin with en-suite and storage is ideal for crew.
